

PHYSIOTHERAPY & MASSAGE

MAIT PRO

Ref. EL032PRO29.A66.WF

A very popular option among physiotherapists. This table offers a smooth and durable hydraulic lift system operated by a side foot pedal, along with a wide range of motion for the head and backrest. It allows for proper patient positioning while reducing the load and effort for the professional.

Features:

- Designed with an adjustable angle for the head section from -55° to +45° and the leg section from 0° to +75°
- Height adjustable operation (Hi-Lo) via hydraulic side foot pedal
- Elegant design with rounded frame legs for added safety
- The head section includes a face hole and plug, as well as padded armrests with adjustable height
- The closed base features a refined design that covers all technical parts, making it easier to clean the table
- Adjustable legs for uneven surfaces and silent wheels ensure smooth and quiet movement
- Optimized maximum and minimum height, with a lifting distance of 50.5 cm
- Cushion thickness: 5 cm. Foam density: 36 kg/m³
- Upholstery: fire-retardant PVC vinyl that complies with BS 5852 standards, resistant to stains, mold, and wear (150,000 cycles)
- Weight capacity: 250 kg
- Lifting and lowering time: 12 s
- 1-year warranty
