

PHYSIOTHERAPY & MASSAGE

GUTH PRO

Ref. EL022PRO23SL.1.A66.SH.WF

Electric treatment table with 2 sections and armrests, designed with a multi-position headrest to expand treatment and examination possibilities. Its structure meets a wide variety of manual manipulation needs, offering greater ergonomics and safety for both the patient and the professional.

Features:

- Adjustable head section with an angle from -55° to $+45^{\circ}$
- Hi-Lo electric operation via foot perimeter bar
- Sleek design with rounded legs for increased safety
- Head section with armrests for maximum comfort in the prone position
- Fully enclosed base with a refined design that covers technical components and facilitates cleaning
- Adjustable legs for uneven surfaces and silent wheels for smooth and noise-free movement
- High-reliability TiMOTION motor
- Optimized minimum and maximum height, with a lifting range of 50.5 cm
- 5 cm thick padding; foam density 36 kg/m^3
- Upholstered in fire-retardant PVC vinyl compliant with BS 5852, resistant to stains, mold, and wear
- Proven durability: 150,000 cycles
- Load capacity: 250 kg
- Certification: Complies with CE and registered with the United States FDA
- Warranty: 1 year for the frame, electrical components, and upholstery (except for misuse)
