SCALL PRO

Ref. EL08BPRO23.1.A66.GF

This chiropractic table with a drop system is a versatile and cost-effective solution that provides maximum therapeutic flexibility to your practice. Designed to offer precise and efficient adjustments, it incorporates cervical, thoracic, lumbar, and pelvic drop sections, all manually operated with tension control. Its robust structure and electric lifting system allow for safe, comfortable, and effective chiropractic treatments, adapting to various techniques and clinical needs.

Features:

- Hi-Lo electric system operated via foot bar
- Head section with padded platform and adjustable width
- Head elevation via gas piston with a dynamic range of $\pm 20^\circ$ and vertical adjustment of 10 cm (4")
- Lateral head movement of $\pm 15^\circ$
- Padded footrest adjustable in height and extendable
- Four drop sections: cervical, thoracic, lumbar, and pelvic
- Adjustable legs for uneven surfaces and silent wheels for smooth and quiet movement
- 4 retractable wheels with a central locking system to facilitate table transport
- High-reliability TIMOTION motor
- Height adjustment range from 46 to 80 cm (18.1"–31.5") in approximately 30 seconds
- Padding thickness of 7.5 cm (3")
- Foam density of 100 kg/m³ (220 lbs/m³)
- Upholstered in fire-resistant PVC vinyl compliant with BS 5852 standard, resistant to stains, mold, and wear (150,000 cycles)
- Warranty: 2 years for the frame, electrical components, and upholstery (except misuse).
- Certifications: ISO13485 / MDR CE Certification approved / Registered with the U.S. FDA
- Maximum load capacity: 250 kg (551 lbs)
