

MEDICAL **SIDO PRO**

Ref. EL07PRO23.2.A66.WF

This chiropractic manipulation table is a versatile solution that provides maximum flexibility for your professional practice. Designed for specialists, it allows for mobilization, manipulation, massage, and movement therapy treatments with precision and comfort. Its multi-angle adjustment facilitates physiotherapy and rehabilitation procedures. It incorporates exclusive functions such as tilt, inverted position, and lower lumbar rotation, expanding therapeutic possibilities and optimizing clinical approaches.

Features:

- Hi-Lo electric system operated via foot bar and angular adjustment via button for the upper body section
- Armrests with dual-position adaptability
- Tilt function to facilitate assisted patient positioning
- Head section with adjustable-width padded platform
- Head elevation via gas piston with a dynamic adjustment range of -15° to $+35^{\circ}$ and vertical adjustment of 10 cm, lateral head movement of $\pm 20^{\circ}$
- Two drop sections: cervical and thoracic, manual lumbar traction mechanism
- Vertical tension control and horizontal flexion in the lower body section via T-bar
- Rotation of the lower body section from 0 to 20°
- Dual-function extender that acts as an extension platform and step
- High-reliability TiMOTION motor
- Adjustable height range from 52 to 93 cm
- Padding thickness of 7 cm, foam density of 100 kg/m^3
- 4 retractable wheels with central locking system to facilitate table transport
- Warranty: 2 years
- Upholstered in fire-retardant PVC vinyl compliant with BS 5852 standard, resistant to stains, mold, and wear (150,000 cycles)
- Certifications: ISO13485 / MDR CE Certification approved / Registered with the US FDA
- Maximum load capacity: 250 kg
